INDEPENDENT AUDITORS' REPORT

The Board of Education
Harlan Community School District
Harlan, IA 51537

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Harlan Community School District, Harlan, Iowa, as of and for the year ended June 30, 2022, and the related Notes to Financial Statements, which collectively comprise the District's basic financial statements listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the Harlan Community School District as of June 30, 2022 and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with U.S. general accepted accounting principles.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of Harlan Community School District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Continued...

January 6, 2023 Harlan Community School District Independent Auditors' Report

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Harlan Community School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, and design and perform audit procedures responsive to those risks.
 Such procedures include examining, on a test basis, evidence regarding the amounts and
 disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the Harlan Community School District's internal control.
 Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Harlan Community School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require Management's Discussion and Analysis, the Budgetary Comparison Information, the Schedule of the District's Proportionate Share of the Net Pension Liability (Asset), the Schedule of District Contributions and the Schedule of Changes in the District's Total OPEB Liability, Related Ratios and Notes on pages 9 through 15 and 50 through 55 be presented to supplement the basic financial statements. Such information is the

Harlan Community School District
Independent Auditors' Report

responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Harlan Community School District's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the nine years ended June 30, 2021 (which are not presented herein) and expressed unmodified opinions on those financial statements. The supplementary information included in Schedules 1 through 7, including the Schedule of Expenditures of Federal Awards required by Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information in Schedules 1 through 7 is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

Show & associates, PC

In accordance with *Government Auditing Standards*, we have also issued our report dated January 6, 2023 on our consideration of Harlan Community School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Harlan Community School District's internal control over financial reporting and compliance.

Council Bluffs, IA

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

Harlan Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2022. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

2022 FINANCIAL HIGHLIGHTS

- The District implemented Governmental Accounting Standards Board Statement (GASBS) No. 87, Leases, during fiscal year 2022. The implementation of this standard revised certain assets and liability accounts related to leases, however had no effect on the beginning net position for governmental activities.
- General Fund revenues increased \$39,871 from \$18,524,821 in fiscal 2021 to \$18,564,692 in fiscal 2022, while General Fund expenditures increased \$722,780 from \$17,226,164 in fiscal 2021 to \$17,948,944 in fiscal 2022. The net increase in revenues and increase in expenditures resulted in an increase in the District's General Fund balance from \$3,314,836 in fiscal 2021 to \$3,972,560 in fiscal 2022 which is a 19.8 percent increase from the prior year.
- The increase in General Fund in expenditures was due primarily to increases in regular instruction and operation and maintenance services.
- The District's General Fund financial transactions resulted in an increase to the District's solvency ratio as it was 16.7% for 2021 and 19.6% for 2022. The District's solvency level indicates the District is able to meet unforeseen financing requirements and presents a sound risk for the timely repayment of short-term obligations. Iowa Association of School Boards, and Iowa Association of School Business Officials recognize a solvency ratio between 7-17% as financially acceptable.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

- Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.
- The Government-wide Financial Statements consist of a Statement of Net Position and a Statement of Activities. These provide information about the activities of Harlan Community School District as a whole and present an overall view of the District's finances.
- The Fund Financial Statements tell how governmental services were financed in the short term as
 well as what remains for future spending. Fund financial statements report Harlan Community
 School District's operations in more detail than the government-wide statements by providing
 information about the most significant funds. The remaining statements provide financial
 information about activities for which Harlan Community School District acts solely as an agent or
 custodian for the benefit of those outside of the District.
- Notes to financial statements provide additional information essential to a full understanding of the data provided in the basic financial statements.
- Required Supplementary Information further explains and supports the financial statements with a
 comparison of the District's budget for the year, the District's Proportionate Share of the Net
 Pension Liability and Related Contributions, as well as presenting the Schedule of Changes in the
 District's Total OPEB Liability, Related Ratios and Notes.

 Supplementary Information provides detailed information about the non-major governmental funds. In addition, the Schedule of Expenditures of Federal Awards provides details of various federal programs benefiting the District.

REPORTING OF DISTRICT'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's assets, deferred outflow of resources, liabilities and deferred inflows of resources, with the difference reported as net position. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the District's net position and how they have changed. Net position is one way to measure the District's financial health or position. Over time, increases or decreases in the District's net position are an indicator of whether financial position is improving or deteriorating, respectively. To assess the District's overall health, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities, need to be considered.

In the government-wide financial statements, the District's activities are divided into two categories:

- Governmental activities: Most of the District's basic services are included here, such as regular and special education, transportation, and administration. Property tax and state aid finance most of these activities.
- Business-type activities: The District charges fees to help cover the costs of certain services it provides. The District's school nutrition program is included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds or to show that it is properly using certain revenues such as federal grants.

The District has three kinds of funds:

1. Governmental funds: Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out, and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance District's programs. The District's governmental funds include the General Fund, Special Revenue Funds, Debt Service Fund, and Capital Projects Fund.

The required financial statements for governmental funds include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balances.

2. Proprietary funds: Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way the Government-wide financial statements. The District's enterprise funds, one type of proprietary fund, are the same as its business-type activities but provide more detail and additional information such as cash flows. The District currently has one Enterprise Fund, the School Nutrition Fund.

The required financial statements for proprietary funds include a Statement of Net Position, a Statement of Revenues, Expenses, and Changes in Fund Net Position, and a Statement of Cash Flows.

- 3. Fiduciary funds: The District is the trustee or fiduciary for assets that belong to others. These funds include Private-Purpose Trust and Custodial Fund, as follows:
 - Private-Purpose Trust Fund The District accounts for outside donations for scholarships for individual students in this fund.
 - Custodial Fund These are funds for which the District administers and accounts for certain federal and/or state grants as a fiscal agent and certain revenue collected for District employee purchases of pop and related expenditures.

The District is responsible for ensuring that the assets reported in the fiduciary funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the Government-wide financial statements because it cannot use these assets to finance its operations.

The required financial statements for fiduciary funds includes a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position.

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

Government-Wide Financial Analysis

Net Position – Figure A-1 below provides a summary of the District's net position at June 30, 2022 compared to June 30, 2021.

	_	Figure A-1 Condensed Statement of Net Position (Expressed in Thousands)										
	-	Gover	Governmental Business Type Total

Net position												
Net investment in												
capital assets		10,383	9,548	30	26	10,413	9,574	8.76%				
Restricted		3,033	2,761	•	-	3,033	2,761	9.85%				
Unrestricted		(3,608)	(5,928)	632	321	(2,976)	(5,607)	46.92%				
Total net position	\$	9,808	6,381	662	347	10,470	6,728	55.62%				

The District's total net position increased by 55.62% or approximately \$3,742,000 from the prior year. The largest portion of the District's net position is the invested in capital assets (e.g., land, infrastructure, buildings, and equipment), less the related debt. The debt related to the investment in capital assets is liquidated with sources other than capital assets.

Restricted net position represent resources that are subject to external restrictions, constitutional provisions, or enabling legislation on how they can be used. The District's restricted net position increased approximately \$272,000 or 9.85% from the prior year. The increase was primarily a result of the district lowering its overall debt position.

Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – increased approximately \$2,631,000 or 46.92%. The increase in unrestricted net position was primarily a result of stimulus funds received as a result of the COVID-19 pandemic.

Changes in Net Position – Figure A-2 shows the changes in net position for the year ended June 30, 2022 compared to the year ended June 30, 2021.

Net position beginning of year	6,381	4,936	347	160	6,728	5,096	32.03%				
Net position end of year \$	9,808	6,381	662	347	10,470	6,728	55.62%				

In fiscal year 2022, property tax and unrestricted state grants account for 66.4% of total revenue. The District's expenses primarily related to instruction and support services which account for 92.0% of the total expenses.

Governmental Activities

Revenues for governmental activities were \$21,212,388 for fiscal 2021 and \$21,841,721 for fiscal 2022. Expenses were \$19,766,561 for fiscal 2021 and \$18,455,584 for fiscal 2022. The District revenues exceeded expenditures resulting in an increase in financial position.

The following table presents the total and net cost of the District's major governmental activities: instruction, support services, non-instructional programs, and other expenses, for the year ended June 30, 2022 compared to the year ended June 30, 2021.

	_	Figure A-3 Total and Net Cost of Governmental Activities (Expressed in Thousands)								
	_	Tot	tal Cost of Servic	es	N	et Cost of Serv	rices			
	-		Restated	Change		Restated	Change			
	-	2022	2021	2021-2022	2022	2021	2021-2022			
Instruction	\$	11,678	12,621	-7.47%	6,901	7,908	-12.73%			
Support services		5,307	5,645	-5.99%	5,108	5,469	-6.60%			
Other expenses		1,470	1,501	-2.07%	803	860	-6.63%			
Total	\$ _	18,455	19,767	-6.64%	12,812	14,237	-10.01%			

- The cost financed by users of the District's programs was \$1,720,694 for 2021 and \$1,533,992 for 2022.
- Federal and state governments subsidized certain programs with grants and contributions totaling \$3,739,750 for 2021 and \$4,109,374 for 2022.
- The net cost of governmental activities was financed with \$8,723,805 of property and other taxes, and \$7,460,199 of unrestricted state grants.

Business-Type Activities

Revenues of the District's business-type activities were \$1,116,699 for 2021 and \$1,224,599 for 2022, and expenses were \$929,849 for 2021 and \$868,517 for 2022. The District's business-type activities include the School Nutrition Fund. Revenues of these activities were comprised of changes for services, federal and state reimbursements, and investment income.

INDIVIDUAL FUND ANALYSIS

As previously noted, the Harlan Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported combined fund balances of \$5,813,207 for 2021 and \$6,724,805 for 2022. The primary reason for the increase in combined fund balances in fiscal 2022 is due to CARES Act funding as well as a slight reduction in capital project costs. The District experienced a decrease in enrollment during fiscal year 2022. The District will need to continue to rely on State Foundation Aid allowable growth increases, new revenue sources, and use fund balances to help cover any increases in costs.

Governmental Fund Highlights

- The District's increase in General Fund financial position is the product of many factors. The District saw an increase in some revenue areas including federal aid, and only a slight increase in expenditures resulting in an overall increase in financial position. The General Fund balance increased from \$3,314,836 to \$3,972,560 due to a net increase in revenues over expenditures.
- The Capital Project Fund balance increased from \$1,784,964 for 2021 to \$1,887,750 for 2022.
- The Debt Service Fund Balance decreased from \$8,329 for 2021 to \$7,134 for 2022.

Proprietary Fund Highlights

The School Nutrition Fund net position increased from \$346,775 at June 30, 2021 to \$661,706 at June 30, 2022, representing an increase of approximately 90.8%.

BUDGETARY HIGHLIGHTS

In accordance with the Code of Iowa, The Board of Education annually adopts a budget following required public notice and hearing for all funds, except for internal services, private-purpose trusts and agency funds. Although the budget document presents functional area expenditures or expenses by fund, the legal level of control is at the aggregated functional level, not at the fund or fund type level. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District' budget is prepared on the accrual basis. The District operated within its certified budget. A schedule showing the original and final budget amounts compared to the District's actual financial activity are included in the required supplementary information section of this report.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2022, the District had invested approximately \$16.0 million, net of accumulated depreciation/amortization, in a broad range of capital assets including land, buildings, athletic facilities, computers, audio-visual equipment and transportation equipment. (See Figure A-4) More detailed information about capital assets is available in Note 4 to the financial statements. Depreciation/amortization expense for the year totaled \$990,663.

The original cost of the District's capital assets was \$32.6 million. Governmental funds account for \$32.3 million with the remainder of \$0.30 million in the Proprietary, School Nutrition Fund.

The significant capital assets activities include purchase of vehicles and several facility and technology updates.

Long-Term Debt

At June 30, 2022 the District had approximately \$5,642,000 general obligation and other long-term debt outstanding. This represents a decrease of approximately 15.39% from last year. The decrease is primarily attributable to the District making the annual payments on the outstanding debt. (See Figure A-5) More detailed information about the District's long-term liabilities is available in Note 5 to the financial statements.

		Figure A-5 Outstanding Long-Term Obligations (Expressed in Thousands)

Lease agreements payable		157	263	-40.30%			
Total	\$ _	5,642	6,668	-15.39%			

ECONOMIC FACTORS THAT BEAR ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of several existing circumstances that could significantly affect its financial health in the future:

- The District administration is taking steps to balance the District's revenues and expenditures and keep the District in a healthy financial position.
- The District has seen an increase in enrollment. The District's funding for fiscal year 2024 will be based on the increased enrollment. It is paramount that the District makes its financial decisions based upon sound assumptions of future enrollment trends.
- The District is closely monitoring the uncertainty of state and local finances in light of the national and global financial situation. It is uncertain whether or not there will be additional reductions made to the fiscal year 2023 budget.
- The District's state wide penny sales tax receipts are sufficient enough to pay the current general
 obligation and revenue bonds. As a result the District will not assess any property tax levy for
 debt service repayment.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Brian Gubbels, Director of Finance, Harlan Community School District, 2102 Durant Street, Harlan, lowa 51537.

HARLAN COMMUNITY SCHOOL DISTRICT RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES – GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2022

Net change in fund balances - total governmental funds		\$	911,598
Amounts reported for governmental activities in the Statement of Activities are different because:			
Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, those costs are not reported in the Statement of Activities and are allocated over their estimated useful lives as depreciation/amortization expering the Statement of Activities. The amounts of capital outlays depreciation/amortization expense and adjustments for disposals in the year are as follows:	ense		
Expenditures for capital assets Depreciation/amortization expense	\$ _	782,164 (983,715)	(201,551)
Repayment of long-term liabilities is an expenditure in the governmental funds, but it reduces long-term liabilities in the Statement of Net Position.			1,026,252
Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due.			10,913
The current year District employer share of IPERS contributions are reported as expenditures in the governmental funds, but are reported as deferred outflow of resources in the Statement of Net Position.			1,002,815
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.			
Compensated absences Pension expense OPEB expense	\$ -	589 817,169 (140,497)	 677,261
Change in net position of governmental activities			\$ 3,427,288

NOTE 1 Summary of Significant Accounting Policies

The Harlan Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades pre-kindergarten through twelve. Additionally, the District either operates or sponsors various adult education programs. These courses include remedial education as well as vocational and recreational courses. The geographic area served includes the City of Harlan, Iowa and the predominately agricultural territory in Harrison and Shelby Counties. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Harlan Community School District has included all funds, organizations, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the District. The Harlan Community School District has no component units which meet the Governmental Accounting Standards Board criteria.

<u>Jointly Governed Organizations</u> – The District participates in jointly governed organizations that provides services to the District but does not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Harrison and Shelby Counties Assessor's Conference Boards.

B. Basis of Presentation

Government-wide Financial Statements – The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Position presents the District's nonfiduciary assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Net position is reported in the following categories:

Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

NOTE 1 Summary of Significant Accounting Policies (continued)

B. Basis of Presentation - (continued)

Restricted net position results when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of net position that does not meet the definition of the preceding two categories. Unrestricted net position is often subject to constraints on resources that are imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

<u>Fund Financial Statements</u> – Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds. Combining schedules are also included for the Capital Project Fund accounts.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other revenues that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, including instructional, support and other costs.

The Debt Service Fund is utilized to account for property tax and other revenues to be used for the payment of interest and principal on the District's long term debt.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities and all other capital assets.

The District reports the following major proprietary fund:

The Enterprise, School Nutrition Fund is used to account for the food service operations of the District.

NOTE 1 Summary of Significant Accounting Policies (continued)

B. Basis of Presentation - (continued)

The District also reports fiduciary funds which focus on net position and changes in net position. The District's fiduciary funds include the following:

The Private Purpose Trust Fund is used to account for assets held by the District under trust agreements which require income earned to be used to benefit individuals through scholarship awards.

The Custodial Fund is used to account for assets held by the District as an agent for individuals, private organizations and other governments.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments, and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues.

NOTE 1 Summary of Significant Accounting Policies (continued)

C. Measurement Focus and Basis of Accounting - (continued)

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the District's policy is generally to first apply the expenditure toward restricted fund balance and then to less-restrictive classifications-committed, assigned and then unassigned fund balances.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Fund are charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and</u> Fund Balance/Net Position

The following accounting policies are followed in preparing the financial statements:

<u>Cash, Pooled Investments and Cash Equivalents</u> – The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for the investment in the lowa Schools Joint Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the Statement of Cash Flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, they have a maturity date no longer than three months.

<u>Property Tax Receivable</u> – Property tax in the governmental funds are accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

NOTE 1 Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Balance/Net Position - (continued)

Property tax revenue recognized in these funds becomes due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2020 assessed property valuations; is for the tax accrual period July 1, 2021 through June 30, 2022 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April 2021.

<u>Due from Other Governments</u> – Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

<u>Inventories</u> – Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

<u>Capital Assets</u> – Capital assets, which include property, furniture and equipment, are reported in the applicable governmental or business-type activities columns in the District-wide Statement of Net Position. Capital assets are recorded at historical cost (except for intangible right-to-use lease assets, the measurement of which is discussed under "Leases" below). Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	<u>A</u>	<u>mount</u>
Land	\$	5,000
Buildings		5,000
Improvements other than buildings		5,000
Right-to-use leased equipment		5,000
Furniture and equipment:		
School Nutrition Fund Equipment		1,500
Other furniture and equipment		5,000

Land is not depreciated. The other tangible and intangible property, plant, equipment and right-to-use leased assets are depreciated/amortized using the straight line method over the following estimated useful lives:

	Estimated
Asset Class	<u>Useful Lives</u>
Buildings	50 years
Improvements other than buildings	20-50 years
Right-to-use leased equipment	2-15 years
Furniture and equipment	5-15 years

NOTE 1 Summary of Significant Accounting Policies (continued)

D. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund</u> Balance/Net Position - (continued)

<u>Leases</u> - Harlan Community School District is the lessee for noncancelable leases of equipment. The District has recognized a lease liability and an intangible right-to-use lease assets (lease assets) in the government-wide financial statements. The District recognizes leases with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how Harlan Community School District determines the discount rate it uses to discount the expected lease payments to present value, lease term and lease payments.

Harlan Community School District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases.

The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and a purchase option price that the District is reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

<u>Deferred Outflows of Resources</u> - Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension expense and OPEB expense, the unamortized portion of the net difference between projected and actual earnings on pension plan investments and contributions from the District after the measurement date but before the end of the District's reporting period.

<u>Salaries and Benefits Payable</u> – Payroll and related expenditures for teachers with annual contracts corresponding to the current school year, which is payable in July and August, have been accrued as liabilities.

<u>Unearned Revenue</u> - Nutrition fund unearned revenue consists of student meal charges collected but not yet earned.

NOTE 1 Summary of Significant Accounting Policies (continued)

D. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Balance/Net Position</u> - (continued)

<u>Long-Term liabilities</u> – In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Position.

<u>Pensions</u> - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the lowa Public Employees' Retirement System (IPERS) and additions to/deductions from IPERS' fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The net pension liability attributable to the governmental activities will be paid primarily by the General Fund.

<u>Total OPEB Liability</u> – For purposes of measuring the total OPEB liability, deferred outflows of resources related to OPEB and OPEB expense, information has been determined based on Harlan Community School District's actuary report. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund and the Enterprise, School Nutrition Fund.

<u>Deferred Inflows of Resources</u> – Deferred inflows of resources represent an acquisition of net position applicable to a future year(s) which will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources consist of property tax receivable and other receivables not collected within sixty days after year end and succeeding year property tax receivable that will not be recognized until the year for which it is levied.

Deferred inflows of resources in the Statement of Net Position consists of succeeding year property tax receivables that will not be recognized as revenue until the year for which it is levied, succeeding year income surtax that will not be recognized as revenue until available, and unrecognized items not yet charged to pension and OPEB expense.

NOTE 1 Summary of Significant Accounting Policies (continued)

D. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Balance/Net Position - (continued)</u>

<u>Fund Balance</u> – In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable - Amounts not in spendable form, such as inventories and prepaid expenses.

Restricted – Amounts restricted to specific purposes when constraints placed on the use of the resource are either externally imposed by creditors, grantors or state or federal laws or imposed by law through constitutional provisions or enabling legislation.

<u>Unassigned</u> – All amounts not included in the preceding classifications.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2022, expenditures exceeded the amount budgeted in the other expenditures function. The District did not exceed its General Fund unspent authorized budget.

NOTE 2 Cash and Pooled Investments

The District's deposits in banks at June 30, 2022 were entirely covered by federal depository insurance, or by the State Sinking Fund, in accordance with Chapter 12C of the Code of lowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2022, the District had investments in the Iowa Schools Joint Investment Trust District Government Obligations Portfolio which are valued at an amortized cost of \$4,804,541 pursuant to Rule 2a-7 under the Investment Company Act of 1940. There are no limitations or restrictions on withdrawals of the ISJIT investments. The investment in ISJIT were rated AAAm by Standard & Poor's Financial Services.

The District had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 72.

NOTE 3 Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2022 is as follows:

Transfer to	Transfer from		Amount
Debt Service General	Capital Projects Nutrition	\$ _	1,083,645 41,151
		\$_	1,124,796

Transfers generally move revenues from the fund statutorily required to collect the resources, to the fund statutorily required to expend the resources.

NOTE 4 Capital Assets

Capital assets activity for the year ended June 30, 2022 was as follows:

	Restated, Balance Beginning of Year	Increases	Decreases	Balance End of Year
Governmental activities				
Capital assets not being depreciated/amortized:	\$ 25,700			25,700
Land	\$ 25,700	-	-	23,700

Business-type activities capital assets, net	\$ 26,479	3,281		29,760

NOTE 4 Capital Assets (continued)

Depreciation/amortization expense was charged by the District as follows:

Governmental activities:	
Instruction:	
Regular	\$ 110,576
Special	20,215
Other	2,050
Support services:	
Instructional staff services	18,655
Operation and maintenance of plant	42,670
Transportation	113,570
•	 307,736
Unallocated	 675,979
Total depreciation/amortization expense - governmental activities	\$ 983,715
Business-type activities:	
Food services	\$ 6,948

NOTE 5 Long-Term Liabilities

Changes in long-term liabilities for the year ended June 30, 2022 are summarized as follows:

		Balance Beginning of Year, as Restated	Additions	Reductions	Balance End of Year	Due Within One Year
Governmental activities:	-					
Lease agreements payable	\$	262,862	-	106,252	156,610	110,097
General obligation refunding bonds	3	1,020,000	-	705,000	315,000	315,000
Unamortized premium		19,955	-	9,973	9,982	-
Sales tax refunding bonds		5,385,000	-	215,000	5,170,000	-
Compensated absences		68,366	67,777	68,366	67,777	67,777
Net pension liability		9,570,586	-	9,395,478	175,108	-
Total OPEB liability		1,725,299		354,198	1,371,101	_
Total	\$	18,052,068	67,777	10,854,267	7,265,578	492,874
Business type activities						
Net pension liability	\$	264,143		251,794	12,349	

NOTE 5 Long-Term Liabilities (continued)

Lease Agreements Payable

On August 23, 2018, the District entered into a lease agreement for copiers. An initial lease liability was recorded in the amount of \$39,851 per Accounting Change/Restatement Note 12. The agreement requires monthly payments of \$1,585 over 5 years with an implicit interest rate of 3.00% and final payment due August 23, 2023. During the year ended June 30, 2022, principal and interest paid were \$18,072 and \$948, respectively.

On July 24, 2019, the District entered into a lease agreement for computers. An initial lease liability was recorded in the amount of \$96,332 per Accounting Change/Restatement Note 12. The agreement requires annual payments of \$51,550 over 4 years with an implicit interest rate of 4.65% and final payment due August 1, 2022. During the year ended June 30, 2022, principal and interest paid were \$47,072 and \$4,478, respectively.

On May 18, 2020, the District entered into a lease agreement for printers. An initial lease liability was recorded in the amount of \$126,679 per Accounting/Restatement Note 12. The agreement requires annual payments of \$44,524 over 4 years with an implicit interest rate of 2.70% and final payment due October 1, 2023. During the year ended June 30, 2022, principal and interest paid were \$41,108 and \$3,417, respectively.

Year		2018 Copiers		20	19 Computers	
Ending June 30,	Interest Rates	Principal	Interest	Interest Rates	Principal	Interest
2023 2024	3.00% 3.00%	18,621 3,158	399 12	4.65%	49,260 -	2,290
		\$ 21,779	411	\$_	49,260	2,290

		\$85,571	3,477	156,610	6,178	162,788

NOTE 5 Long-Term Liabilities (continued)

General Obligation Bonds Payable

Details of the District's June 30, 2022 general obligation bonded indebtedness are as follows:

Year	Bond Issue of December 8, 2012					
Ending June 30,	Interest Rates		Principal	Interest	Total	
2023	1.70%	\$	315,000	5,356	320,356	
		\$	315,000	5,356	320,356	

On December 8, 2012, the District issued \$5,010,000 of general obligation refunding bonds to currently refund bonds issue in fiscal year 2007. The bonds bear interest at 1.70% per annum. During the year ended June 30, 2022, principal and interest paid were \$705,000 and \$16,635, respectively.

Sales Tax Bond

Details of the District's June 30, 2022 statewide sales, services and use tax revenue bonded indebtedness are as follows:

Year	Bond Issue of February 5, 2015				
Ending June 30,	Interest Rates		Principal	Interest	Total
2023	2.73%	 \$	-	70,570	70,570
2024	2.73%		225,000	138,069	363,069
2025	2.73%		775,000	124,419	899,419
2026	2.73%		795,000	102,989	897,989
2027	2.73%		815,000	81,013	896,013
2028-2030	2.73%	_	2,560,000	106,060	2,666,060
		\$	5,170,000	623,120	5,793,120

The District has pledged future statewide sales, services and use tax revenues to repay the \$6,705,000 bonds issued February 5, 2015. The bonds were issued for the purpose of refunding the May 2009 bonds. The bonds are payable solely from the proceeds of the statewide sales, services and use tax revenues received by the District and are payable through 2030. The bonds are not a general obligation of the District. However, the debt is subject to the constitutional debt limitation of the District. Annual principal and interest payments on the bonds required less than 25 percent of the statewide sales, services and use tax revenues. The total principal and interest remaining to be paid on the bond is \$5,793,120. For the current year, \$215,000 of principal and \$147,010 of interest were paid on the refunded bonds and total statewide sales, services and use tax revenue was \$1,635,526.

There are no reserve requirements on the new bonds.

NOTE 6 Pension Plan

<u>Plan Description</u> - IPERS membership is mandatory for employees of the District, except for those covered by another retirement system. Employees of the District are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by lowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at P.O. Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code Chapter 97B and the administrative rules thereunder: Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

<u>Pension Benefits</u> – A Regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment, or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- · A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012 will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25% for each month that the member receives benefits before the member's earliest normal retirement age. For service earned on or after July 1, 2012, the reduction is 0.50% for each month that the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

<u>Disability and Death Benefits</u> - A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

NOTE 6 Pension Plan (continued)

<u>Contributions</u> - Contribution rates are established by IPERS following the annual actuarial valuation, which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires that the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll, based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2022, pursuant to the required rate, Regular members contributed 6.29% of covered payroll and the District contributed 9.44% of covered payroll, for a total rate of 15.73%.

The District's contributions to IPERS for the year ended June 30, 2022 were \$1,023,813

Net Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2022, the District reported a liability of \$187,457 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the IPERS' relative to the contributions of all IPERS participating employers. At June 30, 2021, the District's proportion was (0.0542996%), which was a decrease of 0.194301% from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the District recognized pension expense of \$(651,752). At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		erred Outflows Resources	Deferred Inflows of Resources		
Differences between expected and actual experience	\$	142,629	\$	143,208	
Changes in assumptions		122,613		-	
Net difference between projected and actual earnings on pension plan investments		-		6,791,871	
Changes in proportion and differences between District contributions and proportionate share of contributions		101		473,759	
District contributions subsequent to the measurement date	_	1,023,813		<u>.</u>	
Total	\$	1,289,156	\$_	7,408,838	

NOTE 6 Pension Plan (continued)

Net Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - (continued)

\$1,023,813 reported as deferred outflows of resources related to pensions resulting from the District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Endi	ng	
June 30	,	
2023	\$	(1,806,435)
2024		(1,763,453)
2025		(1,625,399)
2026		(1,927,464)
2027		(20,744)
	_	•
Total	\$_	(7,143,495)

<u>Actuarial Assumptions</u> - The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of inflation
(effective June 30, 2017)
Rates of salary increase
(effective June 30, 2017)
Long-term investment rate of return
(effective June 30, 2017)
Wage growth
(effective June 30, 2017)

2.60% per annum.

3.25% to 16.25% average, including inflation. Rates vary by membership group.

7.00% compounded annually, net of investment expense, including inflation.

3.25% per annum, based on 2.60% inflation and 0.65% real wage inflation.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an economic assumption study dated March 24, 2017 and a demographic assumption study dated June 28, 2018.

Mortality rates were based on the 2021 valuation were based on the RP-2014 Employee and Healthy Annuitant Tables with MP-2017 generational adjustments.

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

NOTE 6 Pension Plan (continued)

Actuarial Assumptions - (continued)

		Long-Term Expected
Asset Class	Asset Allocation	Real Rate of Return
Domestic equity	22.0%	4.43%
International equity	17.5	6.01
Global smart beta equity	6.0	5.10
Core plus fixed income	26.0	0.29
Public credit	4.0	2.08
Cash	1.0	(0.25)
Private equity	13.0	9.51
Private real assets	7.5	4.63
Private credit	3.0	2.87
Total	100.0%	

<u>Discount Rate</u> - The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the contractually required rate and that contributions from the District will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on IPERS' investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower (6.00%) or 1% higher (8.00%) than the current rate.

		1%	Discount	1%
		Decrease	Rate	Increase
		(6.00%)	(7.00%)	(8.00%)
District's proportionate share	, –			
of the net pension liability	\$	6,634,716	\$ 187,457	\$ (5,215,756)

<u>IPERS' Fiduciary Net Position</u> - Detailed information about IPERS' fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

<u>Payables to IPERS</u> - At June 30, 2022, the District reported payables to IPERS of \$134,989 for legally required District contributions and \$89,945 for legally required employee contributions withheld from employee wages which had not yet been remitted to IPERS.

NOTE 7 Other Postemployment Benefits (OPEB)

<u>Plan Description</u> – The District administers a single-employer benefit plan which provides medical and prescription drug benefits for employees, retirees and their spouses. Group insurance benefits are established under lowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Governmental Accounting Standards Board (GASB) Statement No. 75.

<u>OPEB Benefits</u> – Individuals who are employed by Harlan Community School District and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical and prescription drug benefits as active employees, which results in an implicit rate subsidy and an OPEB liability.

Retired participants must be age 55 or older at retirement. At June 30, 2022, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments Active employees	16 133
Total	149

<u>Total OPEB Liability</u> – The District's total OPEB liability of \$1,371,101 was measured as of June 30, 2022, and was determined by an actuarial valuation as of June 30, 2021.

<u>Actuarial Assumptions</u> – The total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions and the entry age normal actuarial cost method, applied to all periods included in the measurement.

Rate of inflation (effective June 30, 2021)	2.25% per annum
Discount rate (effective June 30, 2021)	3.69% compounded annually, including inflation.
Healthcare cost trend rate	6.70% initial rate, changing over
(effective June 30, 2021)	future years to 3.75% ultimate rate.

<u>Discount Rate</u> – The discount rate used to measure the total OPEB liability was 3.69% which reflects the index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA as of the measurement date.

Mortality rates are from the RP-2014 annuity mortality table. Annual retirement probabilities are based on varying rates by age and turnover probabilities mirror those used by IPERS.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience studies with dates corresponding to those listed above.

NOTE 7 Other Postemployment Benefits (OPEB) (continued)

Changes in the Total OPEB Liability

	Total OPEB
	Liability
Total OPEB liability beginning	\$ 1,725,299
Changes for the year

Sensitivity of the District's Total OPEB Liability to Changes in the Healthcare Cost Trend Rates – The following presents the total OPEB liability of the District as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower (5.70%) or 1% higher (7.70%) than the current healthcare cost trend rates.

		1%	۲	lealthcare Cost	1%
		Decrease		Trend Rate	Increase
	_	(5.70%)	_	(6.70%)	(7.70%)
Total OPEB liability	\$	1,264,037	\$	1,371,101	\$ 1,496,065

OPEB Expense, Deferred Outflows of Resources Related and Deferred Inflows of Resources Related to OPEB – For the year ended June 30, 2022, the District recognized OPEB expense of \$225,494. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following resources:

	0	Deferred Outflows of Resources		ferred Inflows Resources
Differences between expected and actual experience Change of assumptions	\$	499,282 179,114	\$	101,867 308,349
	\$	678,396	\$	410,216

NOTE 7 Other Postemployment Benefits (OPEB) (continued)

OPEB Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB - (continued)

The amount reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as OPEB expense as follows:

Year Ended June 30,	 Amount
2023	\$ 60,496
2024	60,496
2025	60,496
2026	60,496
2027	60,496
Thereafter	 (34,300)
Total	\$ 268,180

NOTE 8 Risk Management

The District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 9 Area Education Agency

The District is required by the Code of lowa to budget for its share of special education support, media and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$640,168 for the year ended June 30, 2022 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

NOTE 10 Categorical Funding

In accordance with Iowa Administrative Code Section 98.1, categorical funding is financial support from the state and federal governments targeted for particular categories of students, special programs, or special purposes. This support is in addition to school district or area education agency general purpose revenue, for purposes beyond the basic educational program and most often has restrictions on its use. Any portion of categorical funding provided by the state that is not expended by the end of the fiscal year must be carried forward as a restricted fund balance.

NOTE 10 Categorical Funding (continued)

The following is a schedule of the categorical funding restricted in the General Fund at June 30, 2022.

Program	 Amount
Voluntary preschool	\$ 97,755
Teachers compensation	5,345
Teacher quality	61,600
Teacher leadership	 118,135
•	\$ 282,835

NOTE 11 Tax Abatements

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

Tax Abatements of Other Entities

Other entities within the District provide tax abatements for urban renewal and economic development projects pursuant to Chapters 15 and 403 of the Code of lowa. Additionally, the City of Harlan offered an urban revitalization tax abatement program pursuant to Chapter 404 of the Code of lowa. With prior approval by the governing body, this program provides for an exemption of taxes based on a percentage of the actual value added by improvements.

Property tax revenues of the District were reduced by the following amounts for the year ended June 30, 2022 under agreements entered into by the following entities:

Entity	Tax Abatement Program	Amount of Tax A	bated
City of Harlan	Urban renewal and economic development projects	\$	9,737
	Chapter 404 tax abatement program		9,413

The State of Iowa reimburses the District an amount equivalent to the increment of valuation on which property tax is divided times \$5.40 per \$1,000 of taxable valuation. For the year ended June 30, 2022, this reimbursement amounted to \$3,142.

NOTE 12 Accounting Change/Restatement

Governmental Accounting Standards Board Statement No. 87, *Leases*, was implemented during fiscal year 2022. The new requirements require the reporting of certain lease liabilities which were previously not reported. The result of these changes decreased the beginning net position by \$1,193.

•			Long-term Liabilities	
		Capital	Lease	Net
		Assets	Agreements	Position
Balances June 30, 2021 as previously reported	\$	15,973,983	-	6,728,967
Change to implement GASB No. 87		261,669	262,862	(1,193)
Balances July 1, 2021, as restated	\$_	16,235,652	262,862	6,727,774

NOTE 13 Subsequent Events

In September, 2022, District voters approved a \$22.9 million general obligation bond issue to finance an upgrade of all District schools.

HARLAN COMMUNITY SCHOOL DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – BUDGETARY REPORTING YEAR ENDED JUNE 30, 2022

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds, except Private-Purpose Trust and Agency Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on a GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functional areas, not by fund. These four functional areas are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated function level, not by fund. The Code of lowa also provides that District expenditures in the General Fund may not exceed the amount authorized by the school finance formula. During the year, the District adopted one budget amendment, increasing budget expenditure by \$984,340.

During the year ended June 30, 2022, expenditures exceeded the amount budgeted in the other expenditures function. The District did not exceed its General Fund unspent authorized budget.

SCHEDULE OF THE DISTRICT'S PROPORTIONATE SHARE OF THE NET PENSION LIABILITY IOWA PUBLIC EMPLOYEES' RETIREMENT SYSTEM FOR THE LAST EIGHT YEARS* (IN THOUSANDS) REQUIRED SUPPLEMENTARY INFORMATION HARLAN COMMUNITY SCHOOL DISTRICT

HARLAN COMMUNITY SCHOOL DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - PENSION LIABILITY YEAR ENDED JUNE 30, 2022

Changes of benefit terms:

There are no significant changes in benefit terms.

Changes of assumptions:

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption.

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.60%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth assumption from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%.
- Decreased the assumed rate of interest on member accounts from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Moved from an open 30 year amortization period to a closed 30 year amortization period for the UAL beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20 year period.

Basis of Presentation – The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal award activity of Harlan Community School District under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Harlan Community School District, it is not intended to and does not present the financial position, changes in financial position or cash flows of Harlan Community School District.

<u>Summary of Significant Accounting Policies</u> – Expenditures reported in the Schedule are reported on the accrual or modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Indirect Cost Rate - Harlan Community School District uses a federally negotiated indirect cost rate as allowed under the Uniform Guidance.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit Performed in Accordance with Government Auditing Standards

The Board of Education of Harlan Community School District Harlan, IA 51537

We have audited in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund balance information of the Harlan Community School District as of and for the year ended June 30, 2022, and the related Notes to the Financial Statements, which collectively comprise the District's basic financial statements listed in the table of contents, and have issued our report thereon dated January 6, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Harlan Community School District's internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Harlan Community School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Harlan Community School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Continued. . .

January 6, 2023
Harlan Community School District
Report on Internal Control and Compliance

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Harlan Community School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of non-compliance that are described in Part IV of the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2022 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Harlan Community School District's Responses to Findings

Schwer & associate, PC

Government Auditing Standards requires the auditor to perform limited procedure on Harlan Community School District's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. Harlan Community School District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Harlan Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Schroer & Associates, P.C.

Council Bluffs, Iowa

January 6, 2023

Independent Auditors' Report on Compliance for its Major Federal Program and on Internal Control over Compliance Required by the Uniform Guidance

To the Board of Education of Harlan Community School District:

Report on Compliance for Its Major Federal Program

Opinion on Its Major Federal Program

We have audited Harlan Community School District's compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on Harlan Community School District's major federal program for the year ended June 30, 2022. Harlan Community School District's major federal program is identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, Harlan Community School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal program for the year ended June 30, 2022.

Basis for Opinion on Its Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements of Title 2, *U.S. Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Harlan Community School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for its major federal program. Our audit does not provide a legal determination of Harlan Community School District's compliance with the compliance requirements referred to above.

Continued...

January 6, 2023 Harlan Community School District Report on Compliance and Internal Control for Each Major Federal Program

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Harlan Community School District's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Harlan Community School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence judgement made by a reasonable user of the report on compliance about Harlan Community School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
 and perform audit procedures responsive to those risks. Such procedures include examining, on a
 test basis, evidence regarding Harlan Community School District's compliance with the compliance
 requirements referred to above and performing other such procedures as we considered
 necessary in the circumstances.
- Obtain an understanding of Harlan Community School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Harlan Community School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance we identified during the audit.

January 6, 2023 Harlan Community School District Internal Control and Compliance Report

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weakness as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Additional Control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Additional Control over compliance is solely to describe the scope of our testing of internal control over compliance is solely to describe the scope of our testing of internal control over compliance is solely to describe the scope of our testing of internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Additional Control over Control ov

Schroer & Associates, P.C.

Council Bluffs, Iowa

Part I: Summary of the Independent Auditors' Results:

- (a) Unmodified opinions were issued on the financial statements prepared in accordance with U.S. generally accepted accounting principles.
- (b) The audit of the financial statements did not disclose any significant deficiencies or material weaknesses in internal control over financial reporting.
- (c) The audit did not disclose any non-compliance which is material to the financial statements.
- (d) The audit did not disclose any significant deficiencies or material weakness in internal control over its major programs.
- (e) An unmodified opinion was issued on compliance with requirements applicable to its major programs.
- (f) The audit did not disclose any audit findings which are required to be reported in accordance with the Uniform Guidance, Section 200.516.
- (g) The major program was as follows:
 - Child Nutrition Cluster
- (h) The dollar threshold used to distinguish between Type A and Type B programs was \$750,000.
- (i) Harlan Community School District did not qualify as a low-risk auditee

Part II: Findings Related to the Financial Statements:

INTERNAL CONTROL DEFICIENCIES:

No matters were noted

INSTANCES OF NONCOMPLIANCE:

No matters were reported.

Part III: Findings and Questioned Costs for Federal Awards:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

INTERNAL CONTROL DEFICIENCY:

No matters were reported.

Part IV: Other Findings Related to Statutory Reporting:

2022-A Certified Budget

ï

<u>Comment</u> - Expenditures for the year ended June 30, 2022 exceeded the amended certified budget amount in the other expenditures function.

Recommendation – The certified budget should have been amended in sufficient amounts in accordance with Chapter 24.9 of the Code of lowa before expenditures were allowed to exceed the budget.

<u>Response</u> – Future budgets will be amended in sufficient amounts to ensure the certified budget is not exceeded.

Conclusion - Response accepted.

2022-B Questionable Expenditures

No expenditures that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.

2022-C Travel Expense

No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.

2022-D Business Transactions

Business transactions between the District and District officials or employees are detailed as follows:

Name, Title and Business Connection	Transaction <u>Description</u>	<u>Amount</u>
Jim Bruck, employee, co-owner of Drive Safely, LLC	Purchased services	\$ 38,080
Randy Kroger, employee, owner of Kroger & Sons Hauling, LLC	Hauling	\$ 26,250

In accordance with lowa State Code 279.7A, the above transactions are not with board members and do not appear to represent a conflict of interest.

2022-E Restricted Donor Activity

No transactions were noted between the District, District officials or District employees and restricted donors in compliance with Chapter 68B of the Code of Iowa.

Part IV: Other Findings Related to Statutory Reporting (continued):

2022-F Bond Coverage

Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.

2022-G Board Minutes

No transactions were found that we believe should have been approved by the Board minutes, but were not.

2022-H Certified Enrollment

<u>Comment</u> – We noted a variance in the enrollment data certified to the lowa Department of Education. The number of students reported as resident students was understated by 2 students.

Recommendation – The District should contact the Iowa Department of Education and the Iowa Department of Management to resolve this matter.

Response – The District's auditors will contact the lowa Department of Education and the lowa Department of Management to resolve this matter.

Conclusion - Response accepted.

2022-I Supplemental Weighting

No variances regarding supplemental weighting data certified to the lowa Department of Education were noted.

2022-J Deposits and Investments

No instances of noncompliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the District's investment policy were noted.

2022-K Certified Annual Report

The Certified Annual Report was certified timely to the Iowa Department of Education.

2022-L <u>Categorical Funding</u>

No instances were noted of categorical funding used to supplant rather than supplement other funds.

2022-M Revenue Bonds

The District is in compliance with the provisions of the revenue bond resolution.

Part IV: Other Findings Related to Statutory Reporting (continued):

2022-N Statewide Sales and Services Tax

No instances of non-compliance with the allowable uses of the statewide sales, services and use tax revenues provided in Chapter 423F.3 of the Code of lowa were noted. Pursuant to Chapter 423F.5 of the Code of lowa, the annual audit is required to include certain reporting elements related to the statewide sales, services and use tax revenue. Districts are required to include these reporting elements in the Certified Annual Report (CAR) submitted to the lowa Department of Education. For the year ended June 30, 2022, the District reported the following information regarding the statewide sales, services and use tax revenue in the District's CAR:

Beginning balance	\$ 1,141,733
Revenues/transfers in: Sales tax revenues Other local revenues	1,635,526 2,329
Carlot Issua Totolluse	1,637,855
Expenditures/transfers out: Equipment Technology Transfers to debt service fund	258,566 21,925 1,083,645 1,364,136
Ending balance	\$1,415,452

For the year ended June 30, 2022, the District reduced the following levy as a result of the moneys received under Chapter 423E or 423F of the Code of lowa:

	Re Pe	e of Levy eduction or \$1,000 Taxable	Property Tax Dollars
	V	aluation	Reduced
Debt service levy	\$	1.87 \$	1,083,645
